PROJECTS

Effervescence 2019 - Built the campus ambassador and the main app for college's cultural Fest, along with one other member. Used Firebase Realtime Database, and Firebase Storage to store all of the data. In the ambassador app, firebase authentication was used as well, to maintain the students leaderboard.

Tasks App - An app built for the Flipr Hackathon in March 2020 according to the problem statement, using Flutter. It is derived from the Trello service.

Scab - An app meant to promote carpooling, built during the NewGen IEDC Hackathon, August 2019. Built using Java and later transformed to Flutter.

Notes App - An app meant to facilitate sharing question papers, notes in the batch, built using Java, Firebase, Local Storage with SQLite and some other android concepts.

POSITION OF RESPONSIBILITY

Coordinator, App Development Wing, GeekHaven - The technical society of IIIT Allahabad

AWARDS

Our team came 2nd in the NewGen IEDC Hackathon
